

*"I wanted to update you and let you know that Steve Diaconescu had the trip of his life. Keep in mind this man is 78 years old and has had a hard life, and his dream since boyhood, in Romania of all places, was to visit Easter Island. The joy on his face and in his voice is beautiful and I feel the hands of God have touched his life...I can't wait to see his photos. Thank you for all your help. You were part of a man's lifelong dream."
